10. (Unclassified - THW) LIAISON I called Pat Holt, Chief of Staff, Senate Foreign Relations Committee, and thanked him for allowing us to review the 6 March 1973 transcript of the testimony of former Director Helms and told him that we had some problems that we would work out with the Department of State and the Department of Justice. He said he had no problem with that procedure.

 obicin with that proces	iure.	•

12. (Unclassified - THW) LIAISON I called J. J. Hitchcock, INR/State Department, and told him that we had minor problems with the transcript of former Director Helms, which we believe we could work out with the Department of Justice in order to allow the release of the transcript. I told him that Justice had the opinion from the State Department's letter that State was leaving the release of the report up to us. Hitchcock said that this was not so, that State would probably still object to its release regardless of what the Agency felt. It was decided that we would get together with Hitchcock to discuss the matter before we sit down with Justice on an in-depth declassification review. Hitchcock said he would also like to be present when we discussed details of sanitization with Justice.

OGC, was advised and will handle the follow-up in this matter.
